

## Celebrating Earth Day!

Protecting the Earth is a global initiative and everyone plays a role in these efforts. Together, we can leave a better world for future generations! **April 22nd is Earth Day!** You may wonder, what can I do to help? Just remember the three R's - *Reduce, Reuse and Recycle!*

When you choose reusable items over the alternative, disposable options (one-use), you help reduce waste and the amount of trash going into landfills. It can take up to 450 years for some plastics to break down! Planting trees is also a great way to help.

You can make a difference, get involved today!
