

Celebrating Earth Day!

Protecting the Earth is a global initiative and everyone plays a role in these efforts. Together, we can leave a better world for future generations! **April 22nd is Earth Day!** You may wonder, what can I do to help? Just remember the three R's - *Reduce, Reuse and Recycle!*

When you choose reusable items over the alternative, disposable options (one-use), you help reduce waste and the amount of trash going into landfills. It can take up to 450 years for some plastics to break down! Planting trees is also a great way to help.

You can make a difference, get involved today!

Providence Place SENIOR LIVING News

Q2: April 2026

A Note from the Executive Director

Happy Spring!

We are continuing to refresh our community with painting and replacing flooring. Pardon our dust and enjoy the updated spaces.

Now that the weather is brightening, we are also doing our annual spring clean up with landscaping. It's always a welcome project this time of year.

We are in the midst of planning summer cookouts and events - stay tuned for details for our celebrations.

Our community is in process of switching to Assisted Living as previously communicated. If you are in need of reviewing your updated paperwork, please come in to sign or return electronically via DocuSign.

Your 2026 rates go into effect this month and you will also see up an updated Matura Salon service listing in your monthly statement. Please review at your convenience.

Best,

Melissa Jacoby
Executive Director
