SENIOR LIVING

News

Q4: October 2026

A Note From The Executive Director

This past month, we were excited to announce several physical changes and updates to the community.

In our Connections Neighborhood, we are excited about the much-needed new flooring in the Dining Room and Activity Room areas. Although construction can be challenging, our team worked closely with residents to keep everyone safe and engaged in other areas of Connections. Our team has also completed in-service training on the proper maintenance and care of the new floors.

Additionally, in Assisted Living, we have made several modifications to the second-floor pantry. With new flooring, improved organization, adjustments to the room, and the removal of the pantry door, we hope you find this area more accessible and reflective of your ongoing requests and feedback.

In our Community Room, we have experienced some increased concerns with the roof that have impacted the space. As a result, we needed to temporarily close the room for a few days while we addressed the roof and other room-related concerns. We appreciate your patience and understanding as we worked through these changes and hope you are pleased with the improvements.

Kellee Sihan

Executive Director
